INSTRUCTIONS

Read Carefully and Comply Fully

This report shall be made by each operator of a gasoline plant, cycling plant, or any other plant, at which ethane, propane, butane, gasoline, condensate, or other liquid products are extracted from natural gas, or sulfur is produced as a by-product. A separate report shall be made for each plant.

The addresses, as required on this report, shall be current and explicit as to street, highway, or road number, city, and state.

This report shall be filed in duplicate with the State Oil and Gas Board at the address below by the 28th day of the month immediately following the month covered by this report.

Report by well the volumes of gas from oil wells and the volumes of gas from gas wells, and the totals thereof; report by each source the volume of gas from other sources and the total thereof; and report the total intake volume from all sources.

Make sure that you complete the form correctly and provide all the information requested. **State Oil and Gas Board personnel will not make additions to or change any part of a notarized form.**
